Special Education

1. Detailed procedures, developed through collaborative processes, are outlined in the District Special Education Handbook.
2. A copy of the handbook is provided to each school's senior administrator, to each school based team, CUPE and GITA.
3. The handbook is available for parent review at all times.
4. Additional copies are available by request to the office of the Coordinator of Special Services.
5. The handbook is reviewed annually and revised, as needed, following such reviews.
 - (a) The review is conducted by the district Special Education Coordinator with special education teachers, administrative officers, and with final approval of the superintendent.
 - (b) Revisions to the policy and procedures should be brought to the Policy Committee through the district Special Education Coordinator.
