The School District No. 64 Board of Education recognises committee work as a valuable means of gathering input from all stakeholder groups, to assist the board in its decision-making processes. It establishes Standing, Liaison and Representative, and Working Committees and establishes procedures, including terms of reference, to clarify committee membership, roles and jurisdictions, and to guide their operations.

Committees may not exercise the rights, duties and powers of the board and, on completion of deliberations, committees shall report findings to the board. Such reports cannot be acted upon unless approved by the board.
