Involve community"*

SCHOOL DISTRICT NO. 64

POLICY 212

Violence and Harassment--free District

Section: Learning and Working Environments

Dates of Revisions: March 12, 2014

Date of Adoption and

Resolution Number: June 13, 2018 -76/18

The School District No. 64 Board of Education believes that safe, caring and orderly schools are characterized by learning and working environments free from violence, discrimination, bullying/cyberbullying, harassment and intimidation. The board recognises that issues of violence (broadly defined) are best addressed through local solutions based on widely-held understanding of best practice. Therefore the board is committed to

1. creating and maintaining respectful learning and working environments in which people respect one another regardless of their roles or levels of responsibilities and are treated and treat each other respectfully and professionally in their interactions;
2. promoting and sustaining such environments through education and skill-building.

The Board of Education believes everyone has a role to play in promoting a violence- and harassment-free district.

Policy:

1. The board
 - a. defines **violence** as improper behavior that includes the attempted or actual exercise of any physical force so as to cause injury, and includes any threatening statement or behaviour which causes a person to believe he or she is at risk of injury.
 - b. uses the term **violence** in it's broadest sense, to indicate a range of behaviours including physical and verbal violence and abuse, discrimination, bullying/cyberbullying, harassment and intimidation
 - c. defines **bullying and harassment** as any inappropriate conduct or comment by a person who knows or reasonably ought to know that this would cause another person to be humiliated or intimidated.

2. The board expects that all students, employees and others associated with the district will treat each other fairly, equitably and respectfully.
3. Violence in any of its forms is neither acceptable nor tolerated in the learning and working environments of School District No. 64.
4. Reasonable actions taken by a person in a supervisory role (for example, a school principal, teacher, or workplace supervisor) are not, when consistent with the expectations placed on a person in that role, acts of violence in any of its forms.
5. Expressing differences of opinion, offering constructive feedback, guidance, or advice about behaviour and performance, and making a legitimate complaint about someone's conduct through established procedures does not, when done respectfully and within the role expectations placed upon a person doing so, constitute bullying/cyberbullying, or harassment.
6. The district will, as a whole, take a proactive, educational approach to preventing violence in any form, by addressing root causes at the earliest possible stage.
7. The district endorses the use of constructive, restorative means to resolve conflicts by encouraging and supporting positive role modeling and leadership among students and employees.
8. All district schools will, under the direction of school principals, develop and enforce Codes of Conduct in support of this policy.
