

SCHOOL DISTRICT NO. 64

POLICY 420

Student Interviews by Outside Agencies

*“Inspire learners, Integrate sustainability,
Involve community”*

Section: Students

Dates of Revisions:

Date of Adoption and

Resolution Number: June 13, 2018 -76/18

Policy:

The School District No. 64 Board of Education recognizes the importance of cooperating with other agencies who have responsibilities which relate to students. These responsibilities may require agencies such as the police, public health or social service agencies to interview students in schools. Police officers, social workers and public health nurses may, in the course of their duties, find it necessary to visit schools to interview students.

The board directs school principals to cooperate with other agency personnel who wish to interview students at school, whilst ensuring that the rights of both students and parents/guardians are respected.
