April 1, 2020

Dear School District 64 parents, students and community,

I would like to thank everyone for the work they have put into managing through these challenging times. This was not a normal spring break nor is it a normal start to the end of the school year. The district office staff, each individual school's staff, the support staff and the teachers in our community are doing things that have never been done before but they are doing them well because they are starting from a strong base of skill and clear communication. I am confident, with their continued work, we will see greater support for our learners with each passing day.

I am also grateful for the community we live in. I understand the extra work it takes for parents and caregivers in our community to support their students outside the classroom. Thank you for your understanding as we work to provide continuity of learning while the suspension of in-class instruction is in effect.

As schools adapt to the Public Health Officer's orders, so must the school board and trustees. On Wednesday, April 8, our next scheduled public board meeting will be held online and by teleconference. As with all public board meetings, this is an open event and the details on how to connect are provided at the end of this letter.

The agenda for the meeting will be available at the following webpage on or before Monday, April 6<sup>th</sup>:  
<https://sd64.bc.ca/school-board-meetings/>

Member of the public in attendance at the meeting will be provided an opportunity to raise questions during Question Period. District staff and trustees are always available to hear from you and are working to serve students and families under any circumstance. Please do not hesitate to contact any of us by the contact information on the following webpage: <https://sd64.bc.ca/district-contacts/>

Yours truly,

Rob Pingle  
Chairperson
