

# Scope of Opportunity

## Learning Week

1. Retain the four-day week and invest in research to ensure effective pedagogy and excellence in program delivery.

## Grade Configuration

2. Configure for K to 7 neighbourhood elementary schools. Saturna students (gr 6-7) would continue to commute to Pender Islands School.
3. Configure secondary schools for grades 8 to 12.

## Outer Islands

4. Restore an outer island hub. Students from Galiano, Mayne, Pender, and Saturna attend Pender Islands School for grades 8 and 9. Grad programs available to all students at both Pender and GISS (Grades 10/11/12).
5. Direct resources to Pender Islands School to enhance programs for grades 8 to 12.

## Transportation and Facilities

6. Research bid options for the 2022 contract renewal for the provision of water transportation service.
7. Work with the Ministry of Education regarding seismic upgrades to Salt Spring Elementary School.
8. Assess bus and water taxi routes for optimal finance and climate action efficiency.

## Special Programs

9. Review provision of French programs for the 2021/2022 school year.
10. Create a quality assurance and sustainability framework for special programs review.

## Academics

11. Direct surplus funding protection resources toward foundational skills development, the new graduation program through professional development, in-service, and resources (with a specific focus on numeracy).
12. Align academic supports and planning through the Framework for Enhancing Student Learning.
